O R D E R

Issued: October 17,2002

Released: October 18,2002

An admissions session was conducted on October 16,2002, in order for Peninsula Communications, Inc. ("PCI") to introduce post-hearing evidence relating to Enforcement Bureau exhibits which included partial copies of relevant documents that had been filed with the Commission. Order FCC 02M-93, released October 1,2002. Cf. FRE 106 (remainder of or related writings or recorded statements).

Additional **PCI** Documents

Rulings on the record left open questions of reliability and weight with respect to PCI Exh 5, page 14, and PCI Exh. 7, page 10, concerning STAs for Translator Stations. Bureau counsel questioned the completeness and reliability of the documents. A

definitive ruling on the question was deferred. The record will remain open as to those PCI exhibits until the filing of Proposed Findings of Fact and Conclusions of Law¹ in order to permit the Bureau further opportunity to determine the existence of related explanatory documents that were not found by PCI's counsel in a search of FCC files.

Proposed EB Exh. 23 and Protective Order

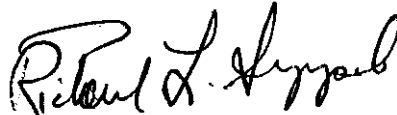

It also was determined that there would be no PCI financial data filed on October 16, 2002, at the reserved EB Exh. 23. Bureau counsel was given opportunity to further narrow, minimize, or eliminate the need for PCI's financial data as record evidence. Counsel must finalize the question of financial data and its protection by December **10, 2002**.

Closing of Hearing Record

Except for the opportunity provided Bureau counsel to clarify PCI Exh. 5 and PCI Exh. 7, and except for the opportunity for the parties to agree on an EB Exh. 23, and/or seek a protective order for PCI financial data (if needed), the record of hearing is closed as of October **18, 2002**, the release date of this Order. 47 C.F.R. §1.258.
